## What is this form for?

This form is for Unitywater's eligible customers who have had a concealed leak on their property and wish to apply for a partial allowance for excess usage charges, calculated by Unitywater according to its Concealed Leaks Policy.

## What is a concealed leak?

A concealed leak is a hidden leak that occurs when pipework servicing a customer's property cracks or breaks. Concealed leaks can occur within walls, underground, or underneath a building or driveway. They are hidden from view and difficult to detect or locate. Unitywater's Concealed Leaks Policy helps eligible customers to recoup some of the unusually-high usage charges associated with a proven concealed leak on their property.

The Concealed Leaks Policy does not apply to water loss from:

- leaking taps, toilet cisterns, hot-water systems or other water appliances
- faulty plumbing or human error resulting in the filling of a rainwater tank
- property sprinkler or other irrigation systems
- swimming pools, spas, ponds and other outdoor water features, or their related fittings.

How does Unitywater calculate the allowance?	
Unitywater examines your billing history to calculate your daily average usage, looking at the same billing period no further than 12 months prior to the leak. We then look at the bill/sthat recorded the leak to calculate the amount of excess water usage. We then calculate the allowance as being 70% of the excess water usage charges and 100% of the excess sewerage usage charges. This is applied as a credit on your account.  FOR EXAMPLE:	
Your Unitywater bill water usage charges are normally \$200 Now (with a concealed leak) the charges are \$600 \$600 minus \$200 = \$400 70% of \$400 = \$280	
The allowance you'll get back = \$280 (plus 100% excess sewerage usage charges if applicable)	
IMPORTANT NOTE YOU CAN ONLY REQUEST THIS CONCEALED LEAK ALLOWANCE FOR EXCESS WATER USAGE ONCE PER PROPERTY, PER OWNER, EVEN IF YOU GET A BIGGER LEAK IN THE FUTURE.	
Please select the excess usage charges you wish to apply for in this application.  Excess Water Charges (ONCE-OFF)  Excess Sewerage Charges	If applying for excess water charges, do you still want to proceed with this request if the allowance you get back is less than \$100?  Yes  No
