What is this form for?

This form is for Unitywater's commercial customers who have had a concealed leak on their property and wish to apply for an adjustment to their excess sewerage usage charges.

What is a concealed leak?

A concealed leak is a hidden leak that occurs when pipework servicing a customer's property cracks or breaks. Concealed leaks can occur within walls, underground, or underneath a building or driveway. They are hidden from view and difficult to detect or locate. This will not apply to water loss from:

- leaking taps, toilet cisterns, hot-water systems or other water appliances
- faulty plumbing or human error resulting in the filling of a rainwater tank
- property sprinkler or other irrigation systems
- swimming pools, spas, ponds and other outdoor water features, or their related fittings.

Am I eligible? If you are unable to tick all the boxes on this checklist, you are not eligible to apply.

- 1** I am the owner of the property or the authorised person on the account.
- 2** I can confirm the leak was a **concealed leak** on my property.
- 3** I have had the leak permanently repaired, preferably by a licensed plumber.
- 4** I have enclosed the plumber's invoice (or **Statutory Declaration** if not repaired by a licensed plumber) detailing the particulars of the repair.

If you have further questions, please contact us online at unitywater.com/contact-us or call us on 1300 0 UNITY (1300 086 489)
